

REMARKS

Applicant has corrected the drawings to show each and every feature of the claimed invention including rebar and cementitious material that is used to connect the structure together both in the exterior wall and the roof structure. Therefore, drawing amendments have been made to Figures 1C, 1D and 1E and 7A which show the exterior walls and the roof structure respectively containing cementitious material and rebar as required in the claims. Thus, each and every feature of the claimed invention is shown in the drawings pursuant to the Patent Office rules.

Applicant has also amended the specification to provide specific references to the rebar 11 and the cementitious material 13 as shown in the drawings as corrected.

The issue fee has been submitted under separate cover.

If there are any additional charges, including extension of time, please bill our Deposit Account No. 13-1130.

Respectfully submitted,

Barry L. Haley, Reg. No. 25,339
